Take Control of Your Evidence Room

PMI has been providing bar-coding systems for industry since 1984 and Law Enforcement for the past 17 years. Our PMI Evidence Tracker[™] system will give you the easiest to use, most economical and "Cop Friendly" evidence management system on the market today. PMI Evidence Tracker[™] is a powerful evidence management tool that was developed by Cops for Cops, to dramatically reduce your work load by providing an automated control system for managing both your evidence and physical property. Affordable and easy to use, yet powerful enough to keep detailed information about each piece of evidence, our PMI Evidence Tracker[™] provides a simple solution to a complex problem.

Features

Customizable Single Evidence Input Screen

Only one screen to enter or edit evidence, not multiple screens. Intuitive customization enables you to tailor the evidence screen to meet department needs. Edit field names, make fields required or auto-fill, move field locations, create your own drop down lists, hide unneeded fields plus add multiple attachments to each piece of evidence.

Unlimited User License That You Own

Install the program on your server and access it from any client, work station or remote desktop that's on the same network. No annual user fees because you own the license.

Batch Check In / Batch Check Out

Batch Check In/Out saves time when processing destruct orders or purging evidence from your property room. Use a barcode scanner to automate the task and process multiple pieces of evidence quickly.

Val	d Tracking #	Case #	Description		Location	
4	37	2011-10	2 lbs. Marijuana		DL3

ut To Pl		Received By	Date Out	Poz	son Out	

Includes Asset Module

The asset module allows your quartermaster to identify and keep track of all equipment and other assets. You can assign equipment to an individual or location and can print out any number of predefined reports and unlimited custom reports.

User Friendly Custom Report Writer

Not only does our program come with many familiar predefined reports, but you can create an unlimited number of custom reports based on criteria of your choosing. The reports are all generated within the program, eliminating the need for a third-party reporting system.

Automatic Backup

Backup your data manually or schedule automatic backup by day, week, month and at a time of your choosing.

Activity Log

Activity Log keeps track of all activity in the program by individual user. You'll know the What, Where, Who, When and Why for each piece of evidence in the program from recovery to disposal.

Import Data

Import function allows the importing of case data into the PMI Evidence Tracker[™] system from another SQL database or a delimited file. The Import can run in a manual (one time) or polling (continual) mode. The polling mode has a user defined adjustable frequency rate.

What's Included & Pricing

System Includes: Evidence & Asset modules, Barcode Printer, Barcode Scanner, Labels, Ribbons, Site License that you own plus a year of Technical Support and Free Shipping. Prices start at \$2,450 for two user license and \$4,450 for unlimited user license.
